

Tikona Digital Networks introduces Rs2999 'Bill Free Plan' for the broadband Home segment

2Mbps broadband internet for as low as Rs.100 per month

Mumbai, July 14, 2011: Tikona Digital Networks, the Secured Wireless Broadband provider which has the largest outdoor intelligent Wi-Fi network in the world, has introduced a 'Bill Free Plan' for the broadband home segment across India. In this plan, subscriber can get 2Mbps 'Bill Free Plan'; with upto 30,000 MB of bundled usage for a period of 30 months at a hassle free onetime payment of only Rs.2999 (plus service tax).

The new plan has been introduced under Wireless Broadband to Home (BTH) service from Tikona Digital Networks. The 'Bill Free Plan' not only provides subscribers a hassle free bill payment option, superior speed, convenience of using internet wirelessly from anywhere in the office or home (optional), it also offers relief from wireless security hassles and features to provide assured control on bills. Subscribers can avail all unique features that come along with the 4th Generation Technologies based wireless broadband.

“With homes getting richer with newer Wi-Fi devices and wireless appliances that connect to the internet there is a growing need for a superior quality wireless broadband connection. The idea is to provide a one stop solution that is affordable to a larger section of the internet user’s with flexible and friendly tariff plans. To cater to these growing customer demands Tikona Digital Networks continues to be at the forefront of product, technology and marketing innovation.”

“I am delighted to introduce Rs.2999* 'Bill Free Plan' that eliminates hassle of monthly bills and payments. The service also offers unbeatable tariff plans, compelling speeds and prompt customer support to broadband users,” said Mr. Heramb Ranade, Chief Marketing Officer, Tikona Digital Networks.

Tikona Secured Wireless Broadband connection comes bundled with greater security for self-installed Wi-Fi devices and a complimentary anti-virus worth Rs.1500 per annum with every connection. Moreover, with the option of 'First Demo Then Pay' customers can call for a demo in their home or office before subscribing to the OFDM and MIMO 4th generation based technologies broadband service.

The Bill Free Plan is available from July 1 and is being offered either through an online subscription or a direct to home First Demo then Pay option.
