

## Tikona Secured Wireless Broadband offers free Wi-Fi to Select CITYWALK mall

**New Delhi, September 3, 2012:** For the first time ever in the capital city, the complete area of the sprawling 1.3 million sq. ft. Select CITYWALK mall has been Wi-Fi enabled by Tikona Secured Wireless Broadband. The mall patrons can now browse with high speed connectivity free of charge, adding a whole new dimension of fun and excitement to their shopping experience.

Commenting on the occasion, Sridhar Krish, Chief Operating Officer, Tikona Infinet Limited said “We have always believed that innovation is the key to keep customer engaged and interested in our services. It helps us pioneer and tread new paths that create endless possibilities and value to our customers. Select CITYWALK Wi-Fi project is one such endeavour wherein we facilitate the customers to get instant access to the latest offers at the mall through our high speed connectivity and we are proud to be associated with this project.”

Speaking on the innovative service, Arjun Sharma, Director, Select CITYWALK said, “We are pleased to introduce Wi-Fi connectivity at the city’s landmark shopping centre. We trust that this free Wi-Fi connectivity, in association with Tikona Secured Wireless Broadband will enhance shopping experience even further as it would create a platform where retailers can update the customers of their up-to-the-minute offers & promotions, thereby enticing the shoppers with their best deals.”

### About Tikona Digital Networks

Tikona Digital Networks was founded in 2008 by veterans from the telecom industry, who have built some of the largest telecom networks in India. With a vision to be a leading Broadband and IT services company, offering innovative products and solutions to home, enterprise and service provider customers in India, Tikona Digital Networks believes that the next generation services will change India’s digital landscape and way of internet communication. TDN is adequately funded by global investors and has the highest standards of compliance to social and corporate governance. Tikona has the widest coverage in the 25 cities where it operates and enjoys the confidence of more than 2,75,000 broadband users. The company is placed amongst the top 3 broadband service providers in a short period of just 3 years.
